New 2112 *eVolve* Video Telephone Entry System from DoorKing!

Inglewood, CA – DoorKing is introducing the model 2112 *eVolve*, a video telephone entry system for residential applications.

The 2112 is an advanced cloud based system that operates on an internet or cellular connection. The companion DoorKing apps are available free of charge for both Android and iOS cellular phones and provide video calling and relay control, programming, event logging and more for system administrators. The 2112 can control up to three entry points and features broadcast calling, which allows up to four phones to ring simultaneously when the call button is pushed.

DoorKing, Inc. is one of the largest and oldest manufacturers of access control and vehicular gate operator products in the country. For additional information, visit the company's web site at www.doorking.com or contact the DoorKing Sales Department at 800-826-7493.
