

# MONUMENT

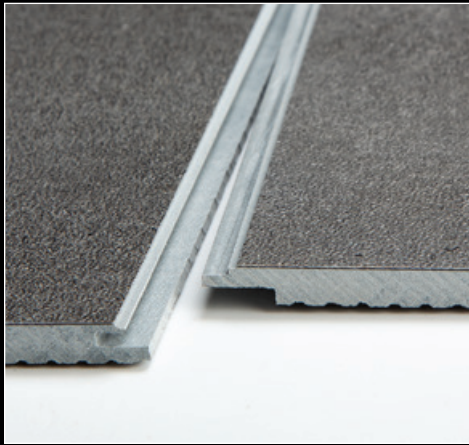

Large-Format Architectural Panels

# Inspired By Nature, Perfected By Design

Monument Large-Format Architectural Panels offer the luxury look of natural stone at a fraction of the price. This waterproof, grout-free wall system installs twice as fast as traditional tile.

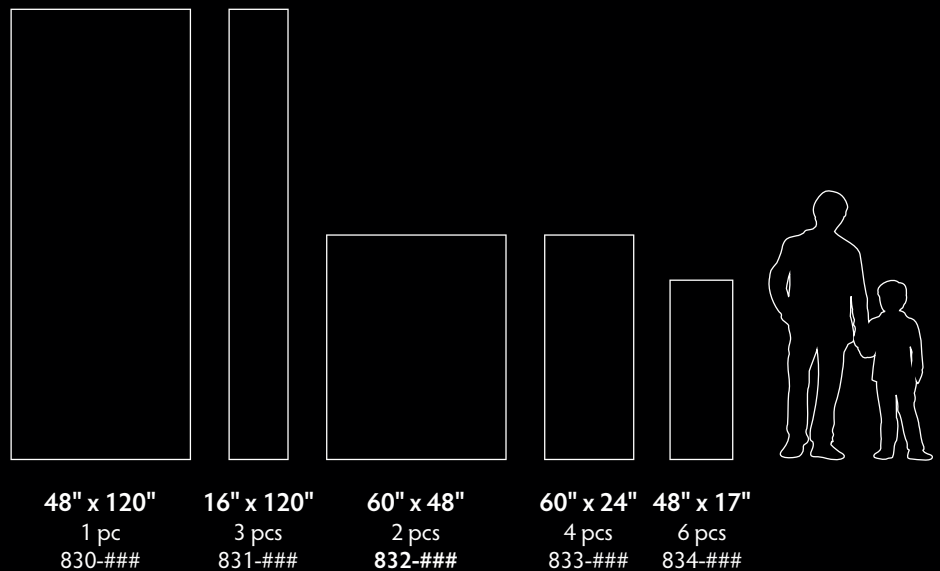

## Fast Click Installation

Constructed of lightweight, durable PVC, Monument is ideal for a fast install and perfect for wet and dry environments in hotels, restaurants, commercial spaces, multi-family and residential dwellings.

- High-density PVC construction
- Grout-free glue-up application
- Easy tongue & groove joint

## Style & Selection

Monument panels are available in several stunning designs, both in high-gloss and matte. A selection of five panel sizes range from 17" x 48" to 48" x 120" and are 100% made in the USA.
