Frost Nickel - 53002

PALISADE

Waterproof, Grout-Free Wall Tiles

Palisade waterproof, grout-free wall tiles and planks have unique interlocking joints and can be cut to size for an easy, groutless installation. This versatile, low-maintenance tile is perfect for wet areas like showers and bathrooms or for commercial high-traffic areas in multi-family units, hotels, restaurants and hospitals.

Surface Burning Characteristics	ASTM E 84 Class "B" fire-rated – Flame
Durability	Waterproof, mold- and mildew-resistant
Material	Virgin-grade rigid PVC
Compatibility	Wall panels install as a glue-up application with recommended adhesive
Warranty	10-year limited warranty

Durable, Engineered Composition

Size Options

 <p>25.6" x 14.8"</p> <p>● Wall Tile 530##</p>	 <p>0.2" (5 mm) thick</p>	<p>21sqft per box</p>
 <p>23.2" x 11.1"</p> <p>● Wall Tile 535##</p>	 <p>0.2" (5 mm) thick</p>	<p>17.9sqft per box</p>
 <p>22.6" x 7.2"</p> <p>● Backsplash 545##</p>	 <p>0.2" (5 mm) thick</p>	<p>11sqft per box</p>
 <p>46.7" x 7"</p> <p>● Wall Plank 540##</p>	 <p>0.2" (5 mm) thick</p>	<p>16.3sqft per box</p>

Interlocking edges require no grout

Glues onto almost any surface

Lock tiles by sliding into joint
For wet environments, use a silicone-based sealant in seams.

Palisade can be installed over many substrates including (a) OSB/plywood, (b) drywall, (c) water-resistant board and (d) ceramic tile

Oak Mocha - 54082
