# COMPANY PROFILE

Zhejiang Cofe Sanitary Ware Co.,LTD which was established in 1998, is a professional supplier of shower products like concealed shower system, shower panels, concealed shower sets, stainless steel top shower, floor drains and other accessories for bathroom. We focus on product develop, manufacture, quality control and marketing. We specialize in medium and high end market, export to more than 100 countries and regions which occupies 90% of the company turnover. We have passed ISO9000, SASO, CE, ACS, C-UPC, ROHS, Water Sense, TUV Audit, etc. After more than 10 years unremitting efforts, the company has become a qualified modern and innovative enterprise who has the ability to meet different consumers' demands for high-quality and personalized needs.

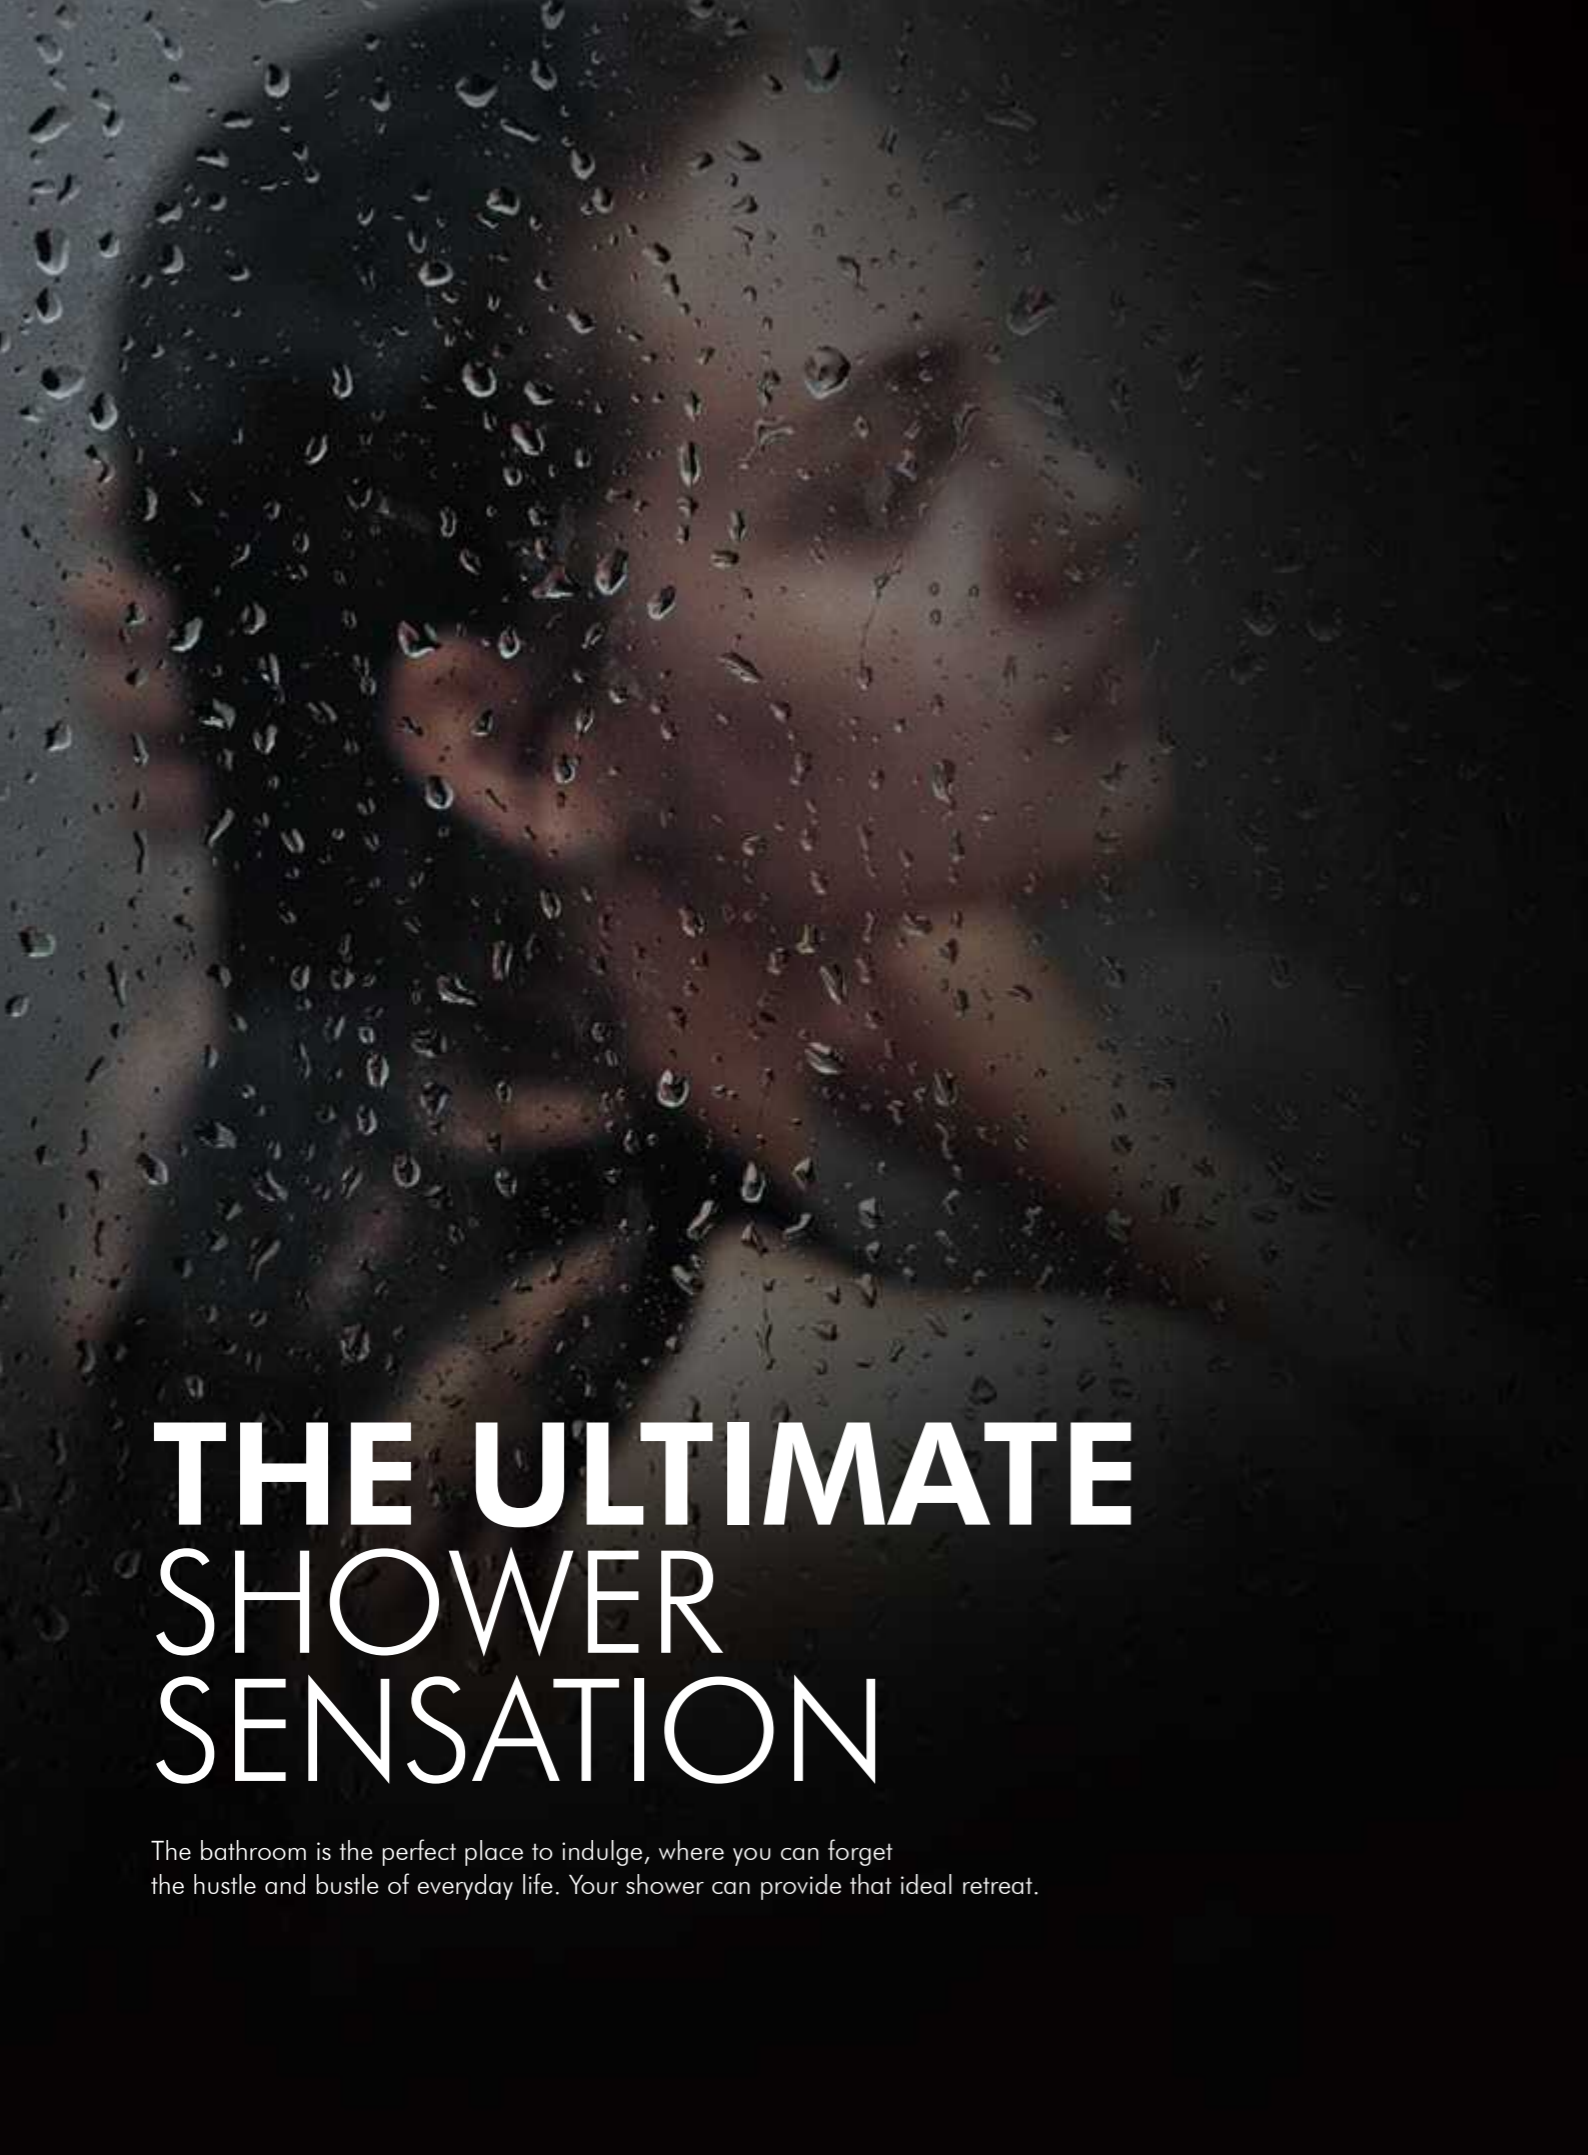

We always insist: relying on scientific and technological progress to improve products accuracy, promptly eliminate backward production technology, timely convert latest scientific research. With such purpose, the company become the first company in this industry who invested more than 10 million to introduce automatic laser welding machines, automatic laser cutting machine, automatic CNC cutting machines, CNC slot machines, automatic CNC punching machines, automatic CNC folding machines, automatic CNC high-speed machining centers and other world-advanced processing equipment from Germany, Japan and well-known domestic enterprises to make production process modernization, intelligent and automation.

We always believe: material good then quality good. Strictly quality control is the company soul. Scientific management ensures the incoming goods meet market quality standards, improves price advantage of product competitive.

We always uphold: original design is a simple interpretation of noble design concept. The company's continuous development of energy derived from the design of new product development investment. All our products to the world unite the essence of inspiration of the designers. From the unique and innovative design concept, simple but outstanding, make our products in the highly competitive market.

We always consider: all the work from the beginning of the management, the elite team is the core competitiveness of enterprises! We are committed to build a learning-oriented, innovative management team. To this end we have established long-term cooperative relationships with a number of enterprise management consultancy, to learn advanced concepts, to optimize operational processes, to solve the bottleneck of innovation and development, to enhance the overall management of the team. Promote the implementation process of enterprise management, standardization, information and systematic. The enterprise vision of COFE family unremitting efforts to be is always provide high quality and competitive products.

# THE ULTIMATE SHOWER SENSATION

## Immerse yourself in the comfortable rain

The water is crystal clear, dense and abundant, and the water output is large. The large rain curtain makes people feel like they are showering in the natural rain.

## Natural waterfall

Like a natural waterfall, it is smooth and thick, relieves tired muscles, increases the fun of bathing, and makes you feel refreshed and comfortable

## Large storage platform

Large storage platform design, easy to use and return bath products, 304 stainless steel material, corrosion resistance, easy to clean

## In-wall overhead shower
