SOLUTION

SECURE
DATA

Built around core document management functionality

All transactions are automatically linked in the software. Plus, with a document scanner, you can attach packing lists, handwritten notes, tax forms, or virtually and Windows® file.

Accounting

Everything you need to simplify accounting processes. Process month-end statements in minutes. Pay invoices faster and more accurately. Integrated GL procedures are straightforward with built-in financial reporting.

Graphical Analytics & Reporting

Stay informed on day-to-day operations, and make decisions based on data instead of instinct. Includes an extensive library of predefined reports and dashboards.

Purchasing & Inventory

Spruce helps you purchase the right inventory, and seamless integration with vendors makes the process easy and fast! Special orders are painless.

Point-of-Sale

Process customer transactions quickly and effectively with painless returns, easy customer lookup, and the ability to send transactions via email.

POS Assured

An offline option that allows you to process front counter sales transactions and print receipts when access to your cloud-based system is unavailable.

Installed Sales

The Installed Sales module is integrated with Orders, Special Orders, Open Tickets, G/L, and A/P to help you efficiently manage the process.

Delivery

The load scheduler helps organize deliveries easily using drag-and-drop capabilities.

Rentals

Don't purchase an expensive add-on solution to manage your rentals operation. With Spruce, you can efficiently manage them within one system.

Manufacturing & Millwork

Automating the process allows for consistent manufacturing processes. Tracking costs shows how specific items affect your bottom line.

Marketing

Market your business by inserting logos on all documents, printing sales signs, and sending statement flyers, customer emails, and more.

Mobility

Manage your business on the go! Spruce offers mobile applications for your employees and customers that improve efficiency and communication in your business.

Cloud-based

Your data is backed up automatically and hosted offsite for quick retrieval in the event of a natural disaster, fire, or theft. Data is encrypted and backed by firewalls for maximum security. **Plus, you can access your business information 24/7/365, from anywhere!**

Spruce software has been a trusted industry-specific solution for nearly 35 years.
