Companies build  
virtual teams from  
India.**

# A New Era in Remote Staffing

The rapid shift to remote work driven by Covid-19 has reshaped staffing across industries.

Precon India leads this transformation in preconstruction staffing, enabling construction companies worldwide to capitalize on this paradigm shift.

With a core focus on the United States, we tap into India's vast pool of diligent, hardworking, and cost-effective construction professionals.

## HOW IT WORKS

- 1. Understand Your Needs:**  
We dive into your staffing requirements, capturing roles, quantities, skills, and software familiarity.
- 2. Expert Candidate Selection:**  
Leveraging preconstruction expertise, we pre-screen, interview, and present the best candidates.
- 3. Smooth Onboarding:**  
We ensure a seamless start, from computer setup to pre-start checklists.
- 4. Hassle-Free Operations:**  
Monthly invoices are handled by our US sales rep, while we manage HR and benefits.

### CEO from \$30M Cabinet Subcontractor in Texas:

"Our partnership with Precon India is a true game-changer. The cost savings alone amount to hundreds of thousands of dollars. Equally important, we've conquered our chronic understaffing challenge, assembling a team that's talented, smart, and proactive. Without a doubt, this ranks among our most impactful decisions to date."
