The NAHB IBS is the largest home building show in North America. The three-day event brings professionals, products, and home building trends together under one roof with countless opportunities to network, learn, share info, and connect with colleagues and the industry's best suppliers and manufacturers.

During the convention, visitors will get an up-close look and be able to interact with over 25 products and discover new options from the brands' portfolios. Several of the brands will also be launching new products at the show, including the Series 7665 Pass Through Window and a Water Management Sill from Western Window Systems; Designer Black™ capstock frame options from Anlin Windows & Doors; Keystone Series Premium Garage Door from Martin Door; Sliding Glass Door Series 8100 with Narrow Interlock and the Envista Seamless Glazed Window Wall from WINDOOR; and WinGuard® Vinyl Preferred View Sliding Glass Door Series SGD5570NS from PGT Custom Windows and Doors.

“As a national leader in the fenestration and garage door industries, we look forward to opportunities that allow us to connect with other folks in the space in order to learn about the latest trends and advancements in the field, as well as showcase our new and innovative products,” said Jeff Jackson, President and CEO of PGT Innovations. “As a company that is always researching ways that we can better serve our customers, we’re excited to unveil a number of new products and options across our family of brands.”

Besides the new product, technology, and option launches, also on display at the PGT Innovations Central Hall Booth C4525 will be many of the most in-demand
